Subject: RE: SHARING: R8 Lead Strategy Folder and Draft Strategy on OneDrive

Hi –

I was just reviewing the comments out there. It would be helpful for folks who have suggested language to include the language that they are proposing in addition to commenting that there should be language.

Deliberative Process / Ex. 5

Thanks,

Melanie

Subject: RE: SHARING: R8 Lead Strategy Folder and Draft Strategy on OneDrive

Howdy Everyone.

I just learned that you may not be able to share access to the strategy document with other folks on your review team. If you anticipate having others take a look at the document before COB Friday, please let me know who to add to our access list and I'll send them a link. It appears I am the only one who can grant access.

Thank you,

-m

Subject: SHARING: R8 Lead Strategy Folder and Draft Strategy on OneDrive

Howdy R8 Lead Strategists.

Thank you all for attending today's meeting.

Below is a list of Actions that came out of today's meeting:

- **All** – For our future coordination of this effort, we agreed to collaborate on documents using OneDrive. Here's a OneDrive link to [R8 Lead Strategy Folder](#).
- **All** - Here is the link to the [R8 Lead Strategy DRAFT 3-27-2018.docx](#) that is located in our R8 Lead Strategy Folder. For this document, please go in and provide updates, edits and comments in 'Track Changes' mode. **Your input is due COB, this Friday, the 30th.**
- **All** - For your input on the R8 Lead Strategy, please also include the following:
 - If your program does not have an intro section that covers what you do and how lead is impacting public health from your program area's perspective, please add your intro before your priority areas.
 - Look for opportunities to show how we might efficiently collaborate across our 'programmatic stovepipes.'
 - We should commit to what we can do in Indian country and our Direct Implementation (DI) states, so we are not dependent on what authorized states are doing. This R8 strategy will guide our DI efforts and we will work closely with our states as they lead their efforts.
 - Where possible, remember to be inclusive of Indian Country and environmental justice communities.
- **Deb Thomas** will contact Timothy Epp to discuss the status of the Federal Comprehensive Lead Strategy and the use of its Five Goals.
- **All** – Start thinking about:
 - What you have for impact data and specifics that OCPI can use in future outward facing communication opportunities.
 - Creating an inventory of state/tribal lead activities worth highlighting in our future communications.
 - In the absence of universal blood-lead testing, what indicators can we use to show a present situation and then the improved impact of our actions?
 - What resources do our various partners have that can complement or supplement our resources and capabilities?
 - Identify potential funding resources and grant/contract vehicles you have available in your program.
- **All** - Please feel free to add to this list of actions in case I missed anything.

I'll have limited access to email for the remainder of the week. However, you can reach me by phone (x6966) should you have any questions or suggestions.

Take care and thank you,

-m
